African Safari Photos by David Smith

Hey Paul,

I just want to tell you again what a wonderful time Becky and I had on our second trip with you to east Africa. We were a little concerned that our second visit would not be as fun and exciting as our first trip, but that just wasn't the case at all. We had just as much, if not more fun on this trip to Kenya. The variety of wildlife we saw and photographed is really quite amazing. Like our first trip, the accommodations and food were great and we really enjoyed our fellow safari mates. Having you lead the group is really a plus, with your knowledge of the culture. And, your ability to speak their language always makes us feel more at ease. So thank you Paul for another wonderful trip.

We've already started saving for our next trip, perhaps in 2012 or 2013.

David
