So throw off the bow lines. Sail away from the harbor. Catch the trade winds in your sails".

On our Safaris we stay in first class luxury lodges and camps. [For information and photos of the lodges and accommodations click here.](#)

Important Safari Information:

Our African photo safaris are limited to 18 people, including the leaders. We have only 3 passengers per 9 passenger vehicle giving us plenty of space for our photo equipment. We can photograph through windows on BOTH sides of the vehicle and also from the top, which pops up to create shade so you are protected from the hot, equatorial sun. Compared to other tours that pack the vans with up to eight people, this is a huge deal!

As we leave the lodges, the vehicles separate and spread out. This allows us to have up to six guides out looking for wildlife. They each have radios to let each other know what they find. This way no one misses out on seeing the wildlife and with six great guides, you can hardly believe all of the wildlife they find. Our guides are amazing!

Africa is well known for spectacular sunrises and sunsets. Each day we begin our morning game drive before sunrise. On our afternoon game drives, we return to the lodge just after sunset. This gives us the best opportunities to photograph this incredible beauty.

Our African photo safaris really are the trip of a lifetime! I can hardly believe how fortunate I was to have been born and grown up in East Africa. Now that I am able to take people with me and share what I know about photography along with my personal experiences of Africa, I am thrilled so many clients return and say to me "that was the best trip I have ever been on" or "thank you for the vacation of a lifetime! I want to go again soon!"

I hope you will consider joining me on an African Photo Safari in the future. It will be your trip of a lifetime! Why not sign up now?
