African Safari Photos by Steven Hirsch

There are hardly enough words to describe the amazing experience I had during my two weeks in Kenya and Tanzania. In one word: Exceptional. This trip was the experience of a lifetime. I spent months planning, took over 5,000 pictures and saw more "once in a lifetime" sights in two weeks than I will probably ever see again. Every single aspect of this trip not only lived up to my admittedly high expectations, but it completely exceeded them. For any photography enthusiast, this is without a doubt the trip to knock off a bucket list. Steve
